To the DEPUTY CHAIRMAN, USSR COUNCIL OF MINISTERS FOR REPATRIATION AFFAIRS [handwritten "Comrade [Gavrivov?] [illeg.] 24 Feb 48"] To Comrade LIEUTENANT GENERAL GOLUBEV

In compliance with your cipher telegram No. 1599 dated 28 August 1947, supplement to No. 0471 dated 5 September 1947, I am submitting a list of prisoners of war and interned civilians of allied countries who died on Polish territory: in Polish hospitals, camps, and prisons during and after the Great Patriotic War 1941-45.

The lists in Russian register 310 people in the Lower Silezskik/Breslavsk Province, 31 people in the Krakov Province, 232 people in the Gdansk Province, and 22 people in the Belos[illeg.] Province, and [1 illeg.] people in the Zheshuv Province. Lists in Polish were received from Warsaw from the various Polish burial organizations, and total 1316 people for all of Poland.

The lists are sent in the Polish language because there is no translator in the department and translating such a large number of lists by other means is not possible.

Additionally, I am reporting that, according to oral statements by the department leaders of the burial organizations, up to 500 Americans died on Polish territory. Of those, 100 bodies have already been transported to America. The remaining are awaiting transport in the near future and therefore a list of them has not been sent.

ATTACHMENT: Lists in Russian from entry 01581-47 on 16 pages, from 037-48 on 11 pages, from 038-48 on 2 pages; in Polish from entry no. 01702 on 60 pages. Our entry 01592-47 on 2 pages and our entry 01681-47 on 2 pages only to the addressee.
